**PLEASE CHECK THE SERVICES YOU WISH US TO COMPLETE:**

- HAUL OUT FOR STORAGE ONLY      DATE AVAILABLE FOR HAUL OUT \_\_\_\_\_

**\*Sample Winterization:**

Raw water cooled engines get flushed with fresh water. Water drained from exhaust manifolds, oil coolers, fuel coolers and block. Motor is started and fogged. Static fill, block, coolers, and manifolds. Cover motor with anti corrosion spray. Clean flame arrester and sea strainer, stabilize fuel. If equipped with a heat exchanger the zincs get replaced

**Engine Winterization: Gas engines & small diesels**
